This North Asheville contemporary 1964 home is built in the style of Bert King, the renowned Asheville, mid-century modern architect - www.ncmodernist.com/king. The house has four bedrooms and four full bathrooms plus an office and sits on a tree-shaded 0.89 acre lot with a separate storage/studio building, large screened porch, private patio and two car garage. The stone and wood exterior enhance the natural landscaping and the large windows create the artwork. Come home to serenity.
